Project Rubric: Jenna's Recipe Website

Objective: Coders will create a website for Jenna that displays recipes based on keywords.

Objective Component Mastery				
Points	**0 points** Not included	**1 point** Several errors/Incomplete	**2 points** Minimal errors	**3 points** Effectively included
	Your website should contain three* pages: ❏ Home ❏ About ❏ Recipes			

	Your Home page should include these components in the following order:
	❏ A bootstrap header section with an image, video or gif that represents Jenna's Recipe Website
	❏ A bootstrap section describing the purpose of the website
	❏ A bootstrap section with three animated icons that link to:
	    ❏ About
	    ❏ Recipes
	    ❏ Store
	❏ A bootstrap footer with information about how to contact Jenna
	    ❏ This section must include address, phone number and email
	    ❏ The section must include a newsletter sign-up form
	    ❏ This section must include links to social media profiles			

	Your About page should include these components in the following order:
	❏ A bootstrap header section with an image, video or gif that represents Jenna's Recipe Website
	❏ A bootstrap section with Jenna's photo and a history of why she needed this website
	❏ A bootstrap section with eight images and descriptions for Jenna's favorite recipes
	    ❏ Each of the images should include an animation
	    ❏ Each of the images should include a description of the recipe
	    ❏ Each of the recipes should have their own recipe pages for more information
	❏ A bootstrap footer with information about how to contact Jenna
	    ❏ This section must include address, phone number and email
	    ❏ The section must include a newsletter sign-up form
	    ❏ This section must include links to social media profiles			

	Your Recipes page should include these components in the following order:
	❏ A bootstrap header section with an image, video or gif that represents Jenna's Recipe Website
	❏ A bootstrap section describing that this page will enable the user to generate recipes on demand
	❏ A bootstrap section that renders your assigned API
	    ❏ The API must be fully functional and should a display a recipe dish that uses a keyword search with the ingredients she has currently.
	❏ A bootstrap footer with information about how to contact Jenna
	    ❏ This section must include address, phone number, and email
	    ❏ The section must include a newsletter sign-up form
	    ❏ This section must include links to social media profiles			

Code Cleanliness		
0 points Not included	**1 point** Several errors/Incomplete	**2 points** Minimal errors
Code is hard to read and disorganized. Does not make use of indenting and spacing.	Code is somewhat neat with inconsistent indenting and spacing.	Code is very neat, easy to read and makes use of indenting and spacing.

Team Collaboration		
0 points	**1 point**	**2 points**

Project Rubric: Jenna's Recipe Website

	Not included	Several errors/Incomplete	Minimal errors
	Rare to no team collaboration. Rare support of each other or team problem solving exhibited.	Minimal team collaboration. Not very effective in communicating needs. Oftentimes working isolated and not a fair distribution of work	Above average communication that is strong, effective and inclusive of all team members Team members have fair work distribution
Extension (Bonus Points, 1 each)			
	Use CSS to style the page		
	Add a cart to the website for when users make a purchase		
	Other features that display effort beyond requirements		
	Out of 16 points	**Total**
